

Barrow upon Soar Station Adoption Group

Sunday 30th August 2026

With all the recent heavy rain our plans to do more painting at the station had to be put on hold, but that did mean we could sweep some leaves off the steps and platform one.

Leaves are dropping so early this year after the hot dry summer - but getting our first 3 bags so early is quite concerning - but they will be put up good use for making leaf compost to go back on the planters next year.

We also put the last of the painted bicycle wheels up in the bike area - and swapped a few colours over that weren't just right. All looking really bright and colourful.

Thanks to Nick, Julie, Steve and Jane

Date of next task: Sunday 27th September 10:00
